ENTOMOLOGICAL REVIEW
CONTENTS FOR 1990

NUMBER 1

	English Page	Russian Page
SINEV, S. Yu.: Systematic Position of the Catapterigidae (Lepidoptera) and the Problem of the Naturalness of the Group Heteroneura	1	602
MEDVEDEV, G. S.: Review of Darkling Beetles of the Genus *Alcinoeta* Strand (Coleoptera, Tenebrionidae)	15	798
NADVORNAYA, L. S.: Preimaginal Stages of Darkling Beetling, *Diaclina testudinea* Pill. (Coleoptera, Tenebrionidae)	20	803
DANILEVSKIY, M. L.: Additions and Corrections to the Systematic List of Longhorn Beetles (Coleoptera, Cerambycidae) of the USSR	26	808
FAL'KOVICH (FALKOVITSH), M. I.: A New Genus of Four New Species of Casebearers (Lepidoptera, Coleophoridae) From Turkmenia	29	811
GOKHMAN, V. E.: Ecologomorphological Aspects of the Formation and Evolution of Parasitic Wasps of Subfamily Ichneumoninae (Hymenoptera, Ichneumonidae)	40	821
SHARKOV, A. V. and N. D. VOINOVICH: A New Genus of Encyrtidae (Hymenoptera) From Northern Karelia and Finland	45	826
SHARKOV, A. V.: New Species of Encyrtidae (Hymenoptera) From the South of the Soviet Far East and Japan	50	831
CHELPAKOVA (TSHELPAKOVA), Zh. M.: New Species of *Celyphoma* Emeljanov (Homoptera, Issidae) From Issyk-Kul and Kochkorskaya Hollows in Kirgizia	67	308
BABENKO, A. S.: Staphylinid Beetles of the Tribe Philonthini (Coleoptera, Staphylinidae) of Southeastern West Siberia	70	313
KOMPANTSEVA, T. V.: Larvae of Elaterid Beetles of the Genus *Calambus* Thoms. (Coleoptera, Elateridae) of the USSR	81	322
PESENKO, Yu. A. and A. A. SITDIKOV: Classification and Phylogenetic Relationships Between Genera of the Tribe Eucerini (Hymenoptera, Anthophoridae) with Two Submarginal Cells	88	846
ZAYTSEV (ZAITZEV): V.F.: On the Beefly (Diptera, Bombyliidae) Fauna of India and Sri Lanka	105	861
KONONENKO, V. S., J. D. LAFONTAINE, and K. E. MIKKOLA: An Annotated Checklist of Noctuid Moths (Lepidoptera, Noctuidae) of Beringia	117	549
DEVYATKIN, A. L.: New Data on the Macrolepidoptera of West Kopetdag	139	568
SINICHENKOVA (SINITSHENKOVA), N. D. and K. V. VARYKHANOVA: A New Species of the Mayfly Genus *Ameletus* Eaton (Ephemeroptera, Siphlonuridae) From Mongolia	152	576
BULYGINSKAYA, M. A., I. Ya. GRICHANOV, and I. V. SHAMSHEV: Use of Synthetic Sexual Attractants for Destroying Olfactory Communication of Cotton Bollworm, *Heliothis armigera* HB. (Lepidoptera, Noctuidae), Under Field Conditions	158	272
BUDASHKIN, Yu. I.: On the Biology and Ecology of *Deuterotinea casanella* Ev. (Lepidoptera, Eriocottidae) in Crimea	163	276

	English Page	Russian Page
Number 2		
YANKOVSKIY (YANKOVSKY), A. V.: Systematics of the Black Fly Genus *Sulcicnephia* Rubzov (Diptera, Simuliidae)	1	180
TAMARINA, N. A. and V. N. MAKSIMOV: General Principles of Optimization and Standardization of Insect Cultures	20	241
KIPYATKOV, V. E. and E. B. LOPATINA: Quantitative Study of the Behavior of the Ant *Myrmica rubra* L. (Hymenoptera, Formicidae), Relative to Photoperiodic Regulation of Larval Development	31	251
VINOGRADOVA, E. V.: Imaginal Diapause of Blowfly *Calliphora vicina* R. D. (Diptera, Calliphoridae), and Its Ecological Control	42	262
MISHCHENKO (MISTSHENKO), L. L.: Grasshoppers of the Genus *Mizonocara* Uv. (Orthoptera, Acrididae)	52	278
DOLINSKAYA, I. V.: Egg Morphology of Notodontid Moths (Lepidoptera, Notodontidae) of the USSR	67	361
MIRONOV, V. G.: New and Lesser Known Species of *Eupithecia* Curt. (Lepidoptera, Geometridae) From Central Asia	81	369
BELOKOBYL'SKIY (BELOKOBYLSKIJ), S. A.: Braconids of the Tribe Hormiini (Hymenoptera, Braconidae) of Australia	89	376
PONOMARENKO, N. G.: The Type of *Neodryinus sumatranus* Enderlein (Hymenoptera, Dryinidae)	109	393
BODROVA, Yu. D.: New and Little Known Species of Black Flies (Diptera, Simuliidae) From Khabarovsk Territory	111	395
TOLSTOVA, Yu. S. and V. M. KALINKIN: Effect of Insecticides on the Encyrtid *Holcothorax testaceipes* Ratz. (Hymenoptera, Encyrtidae) — A Parasite of *Lithocolletis pyrifoliella* Gers. (Lepidoptera, Lithocolletidae)	118	465
ZHANTIEV, R. D. and D. Yu. TISHECHKIN: Acoustic Signaling in Leafhoppers of the Genus *Macropsis* Lew. (Homoptera, Cicadellidae) of the European USSR	123	469
PYATIN, M. A.: Comparative Anatomical and Histological Description of the Female Reproductive Tract in Lepidoptera. II. *Micropterix calthella* L. (Micropterigidae), *Eriocrania haworthi* Bradley (Eriocraniidae), and *Adela degeerella* L. (Adelidae)	134	478
CHAYKA, S. Yu. and G. A. MAZOKHIN-PORSHNYAKOV: Ultrastructural Organization of the Compound Eyes of *Culicoides pulicaris* L. (Diptera, Ceratopogonidae)	151	494
GUSEVA, V. S., N. F. LITVINOVA, and S. V. TERESHINA: Parthenogenesis as a Form of Adaptation in Short-Horned Grasshoppers (Orthoptera, Acrididae) (Based on the Example of *Chorthippus apricarius* L.)	160	501
Number 3		
BERLOV, O. E. and E. Ya. BERLOV: The Ground Beetle *Carabus jankowskii* Obth. (Coleoptera, Carabidae) From Southern Maritime Territory and Its Life Cycle	1	508
NIKULINA, O. N.: Biology of Weevils of the Genus *Lixus* (Coleoptera, Curculionodae) Developing in Semishrub and Herbaceous Plants in Tajikistan	4	511
BOLOV, A. P. and S. Yu. SINEV: *Batrachedra pinicolella* Dup. (Lepidoptera, Batrachedridae) — A Pest of Conifers in Kabardino-Balkaria	16	522

	English Page	Russian Page
PESENKO, Yu. A., A. S. LELEJ, V. G. RADCHENKO, and G. N. FILATKIN: The Chinese Wax Bees *Apis cerana cerana* F. (Hymenoptera, Apidae) in the Soviet Far East	21	527
ZLATANOVA, A. A.: Recovery of Populations of Codling Moth, *Laspeyresia pomonella* L. (Lepidoptera, Tortricidae) After Severe Reduction Due to Extreme Conditions.	47	48
ZHIL'TSOVA (ZHILTZOVA), L. A.: New and Lesser Known Stonefly Species of the USSR (Plecoptera, Nemouridae, Capniidae, Leuctridae)	50	582
SIVTSEV, V. V.: A New Species of *Ederranus* Rib (Homoptera, Cicadellidae) From Yakutia	56	604
NURMAMATOV, A. M. and B. B. BAZAROV: A New Species of Mealybug, *Pliococcus darvasicus* sp. n. (Homoptera, Pseudococcidae), From Tajikistan	59	606
EMEL'YANOV, A. F. and V. I. KIRILLOVA: Trends and Types of Karyotype Evolution in Cicadina (Homoptera). I. Karyotypic Peculiarities and Evolutionary Changes in the Karyotypes of Cicadas of Suprafamily Cicandelloidea	62	587
GUSAROV, V. I. and A. A. PETRENKO: *Eugenius* Kastcheev, 1988, A New Synonym of the Generic Name *Eppelsheimius* Bernhauer, 1915 (Coleoptera, Staphylinidae).	81	608
BERMAN, D. I. and Z. A. ZHIGUL'SKAYA: Differences Between the Beetles *Morychus aeneus* F. and *M. viridis* Kuzm. and Korot. and Description of Their Larvae (Coleoptera, Byrrhidae)	85	612
SEKSYAEVA (SEKSJAEVA), S. V.: First Report on Moth of the Family Bucculatricidae (Lepidoptera) From the Southern Maritime Territory, with Description of Ten New Species	93	620
PONOMARENKO, M. G.: Review of Moths of the Genus *Anarsia* Z. (Lepidoptera, Gelechiidae) of the USSR	102	628
ARUTYUNYAN (HARUTICUTAN), R. G.: New Data on Phycitidae (Lepidoptera) of Armenia	117	642
RASNITSYN, A. P. and D. G. MATVEEV: The First Palearctic Representative of the Genus *Ampulicomorpha* Ashmead (Hymenoptera, Empolemidae)	133	657
KRIVOSHEINA, N. P.: Phyletic Relationships and Evolution of the Lower Diptera Brachycera	138	662
GOLOVKINA, L. G. and L. N. AKSYUTOVA: Biological Characteristics of the Resistant Forms of *Phytoseiulus persimilis* A.-H. in the Gradient of Abiotic Factors (Acari, Parasitiformes, Phytoseiidae)	151	674
KRYAZHEVA, L. P., Ye. I. OVSYANNIKOVA, V. N. PISARENKO, M. V. SOROKINA, G. V. SHOKH, and N. N. DUBROVIN: Main Features of the Damage Caused by the Grain Beetles *Zabrus Tenebrioides* Gz. (Coleoptera, Carabidae) in the Southern USSR	157	689

Number 4

BORISOV, S. N.: On Flight of Odonata to Artificial Light Sources	1	29
FROLOV, A. N.: Species of *Ostrinia* in the Omsk District (Lepidoptera, Pyralidae)	8	61
GROZEVA, S. M. and V. G. KUZNETSOVA: Karyotypes and Some Structural Properties of the Reproductive System of Bugs of the Subfamily Artheneinae (Heteroptera, Pentatomomorpha, Lygaeidae)	14	700

	English Page	Russian Page
GOKHMAN, V. E. Karyotypes of Ichneumon Flies of the *Tycherus osculator* Group (Hymenoptera, Ichneumonidae)	27	710
EREMEEVA (YEREMEYEVA), N. I.: Parameters of Feeding and Growth of Larvae of *Aporia crataegi* L. and *Yponomeuta evonimellus* L. (Lepidoptera: Pieridae, Yponomeutidae) in the Presence of Metal Oxides From Industrial Pollution	34	715
DMITRIEVA, L. F.: Insects Injurious to Cultivated Medicinal Plants Around Lake Issyk-Kul	39	721
SHAPOSHNIKOV, G. Kh. and A. V. STEKOL'SHCHIKOV: New Species of Aphids (Homoptera, Aphidoidea) from Unbelliferous Plants of the Far East	45	727
MIROSHNIKOV, A. I.: New and Little-Known Long-Horned Beetles (Coleoptera, Cerambycidae) from the Soviet Far East and the Taxomomic Position of the Genus *Stenhomalus* White, 1855	58	739
EGOROV, A. B.: Review of Bruchid Beetles (Coleoptera, Bruchidae) Assigned to the Genus *Acanthoscelides* Schilsky by Luk'Yanovich and Ter-Minasyan, 1957 (Fauna of the USSR	67	748
FAL'KOVICH, M. I.: New Species of Casebearers (Lepidoptera, Coleophoridae) From Kazakhstan and Central Asia	79	759
KAZENAS, V. L.: Two Lilltle-Known and One New Species of *Harpactus* (Hymenoptera, Sphecidae), Digger Wasps From Central Asia	95	775
KUPYANSKAYA, A. N.: Ants of the Subgenus *Dendrolasius* Ruzsky, 1912 (Hymenoptera, Formicidae, Genus *Lasius* Fabricius, 1804) From the Soviet Far East	99	779
DANILOV, V. N.: Two New Afrotropical Subgenera of the Mosquito Genus *Culex* (Diptera, Culicidae)	112	790
KOVALEV, V. G. (deceased): Geological History and Systematic Position of the Thaumaleidae (Diptera)	121	798
ZAYTSEV (ZAITZEV), A. I.: A Review of Fungus Gnats of the Genus *Anatella* Winn. (Diptera, Mycetophilidae) of the USSR	132	809
FEDOTOVA, Z. A.: Gall Midges (Diptera, Cecidomyiidae) Injurious to *Anabasis* Species in Kazakhstan	146	821
OZEROV, A. L.: Sepsidae and Piophilidae (Diptera) of the Zeya State Reserve	156	839

Number 5

TARBA, Z. M.: A New Species of Armored Mite *Heminothrus abchasicus* sp. n. from Abkhazia	1	142
GORDEEVA, E. V. and Z. M. TARBA: A New Genus and New Species of Mites (Acariformes, Oribatei Oppiidae) from Abkhazia	3	143
DUNIN, P. M. *Leptonetela caucasica,* sp. n. — First Record of the Spider Family Leptonetidae in the USSR (Aranei, Haplogynae)	8	147
SOBOLEV, N. N.: Features of Cryptic Behavior of Locusts as Illustrated by Different Color Forms of *Acrida oxycephala* and *Oedalus decorus*	10	149
RIKHTER, V. A. and S. E. FARINETS: Descriptions of First Instar Larvae of Tachinid Subfamilies Tachininae and Vorrinae (Diptera, Tachinidae)	14	850
DUNIN, P. M.: Data on the Spider Family Dysderidae (Aranei) of Turkmenistan	29	865

	English Page	Russian Page
BEREZANTSEV, A. Yu.: Two New Species of Four-Legged Mites (Acariformes, Tetrapodili) from the Amur Oak Tree (*Phellodendron amurense*)	40	875
SHATROV, A. B.: Organization of Salivary Glands of Repeatedly Fed Nymphs and Adult Mites of *Hirsutiella zachvatkini* Schlug. (Acariformes, Trombiculidae)	47	881
BENKEVICH, V. I.: Solar-Climatic Situations and Outbreaks of the Gypsy Moth, *Lymantria dispar* L. (Lepidoptera, Lymantriidae), in Moscow Province Over 120 Years	61	3
KOROLEV, S. G. and L. N. UCHASTNOVA: Association Between Fungi and the Beetle *Hylecoetus flabellicornis* Schneid. (Coleoptera, Lymexylidae) in the First Stage of Decay of Spruce	72	14
POPOVA, L. M.: Nesting Habits of Some Species of Anthophorid Bees (Hymenopera, Anthophoridae) in the Middle Volga Region	81	23
SAVINOV, A. B.: Thoracic Musculature in the Nymph and Adult Frog-Hopper *Aphrophora salicina* Gz. (Homoptera, Aphrophoridae)	94	36
STOLYAROV, M. V.: Features of the Genesis of Orthoptera in Transcaucasia. 1. East Mediterranean Elements	105	48
DERZHANSKY, V. V: Shield Bugs, *Carpocoris* Kil. (Heteroptera, Pentatomidae) of the USSR	119	61
KURBATOV, S. A: Contribution to the Knowledge of the Pselaphid Beetles (Coleoptera, Pselaphidae) of Yakutia and the Far East	129	71
ISAEV, A. Yu: Weevils (Coleoptera: Apinonidae, Curculionidae) of Ul'yanovsk Province	137	93
GRODNITSKY, D. I. and M. V. KOZLOV: Structure and Evolution of Wing Cover of Lasiocampid Moths (Lepidoptera, Papilionida, Lasiocampidae)	145	44
RYABUKHIN (RJABUKHIN), A. S.: A New Species of Carrion Beeltes (Coleoptera, Silphidae) from Northeastern USSR	154	140
BABUSHKINA, N. G.: Some Peculiarities of Reproduction of *Plutella xylostella*	157	142
TRISELEVA, T. A.: Changes in Corpora Allata in Males and Females of *Eurygaster integriceps* due to Precocene 2	161	145

NUMBER 6

TOBIAS,V. I.: Contribution to the Knowledge of the Genus *Microchelonus* Szépl. (Hymenoptera, Braconidae) in the Far East; Species with Dark Abdomen and Light Legs	1	181
FEDOTOVA, Z. A.: New Species of Gallmidges (Diptera, Cecidomyiidae) Found on *Anabasis* spp. and *Nanophyton erinaceum* (Chenopodiaceae) in Kazakhstan	13	223
SHAPOSHNIKOV, G. Kh.: Differences in Life Cycles and Adaptive Tactics Between Closely Related Forms of Aphids (Homoptera, Aphididae)	23	264
ESKOV, K. Yu.: New Monotypic Genera of Spiders (Linyphiidae, Aranei) from Siberia. 2	40	43
EREMIN (ERJIOMIN), P. K.: A New Species of Ground Beetle (Coleoptera, Carabidae) from the Kuril Islands	52	152
ROSSOLIMO, T. Ye.: Temperature Adaptations of *Gastrophysa viridula* in the Arctic (Coleoptera, Chrysomelidae)	55	154
SERGEYEVA, T. K. and S. Yu. GRYUNTAL': Relationships of Ground Beetles, *Pterostichus*, Species with Their Food Resources	58	32

	English Page	Russian Page
DOROSHINA, L. P.: Protection from Chalcids and Optimization of Nesting Conditions for Bees (Hymenoptera, Apidoidea, Megachilidae)	68	55
NADVORNAYA, L. S.: Description of the Larva and Ecology of *Leichenum pictum* (Coleoptera, Tenebrionidae)	73	145
PISKUNOV, V. I.: New Species in the Tribe Gnorimoschemini (Lepidoptera, Gelechiidae) from Central Asia	77	148
ZAYTSEV (ZAITZEV), V. F.: New and Little-Known Species of Bombyliinae (Diptera, Bombyliidae)	82	831
KALININA, O. I.: Refinements in the Systematics of the Scarabaeidae (Coleoptera) Based Upon Larval and Pupal Morphology	89	79
MIROSHNIKOV, A. I.: Contribution to the Knowledge of the Cerambycidae (Coleoptera) of the Caucasus. 1	94	84
DUBROVIN, V. V.: Peculiarities of Distribution of *Operophthera brumaria* L. (Lepidoptera, Geometridae) in Plantations in Voronezh Province	102	281
GORODKOV, K. B.: Distributional Dynamics: A General Approach. 1	110	287
SOYUNOV, O. S.: Species Composition and Trophic Links of Buprestid Beetles (Coleoptera, Buprestidae) of Transunguzian Karakum	131	307
YEGOROV, I. V.: On Systematics of Tenebrionid Beetles of the Tribe Platyscelidini (Coleoptera, Tenebrionidae)	137	401
BUDASHKIN, Yu. I.:New and Little Known Taxa of Tortricid Moths (Lepidoptera, Tortricidae) from Eastern Crimea	151	413

Number 7

SINEV, S. Yu.: Type Specimens of the Phycitidae (Lepidoptera) Kept in the Collection of the Zoological Institute of the USSR Academy of Sciences. II	1	419
YUSUBOV, E. B.: Postembryonal Development of the Scorpion, *Mesobuthus eupeus* (C. L. Koch) (Scorpiones, Buthidae) in Azerbaijan	17	432
MARUSIK, Yu. M.: *Chalcoscirtus* (Aranei, Salticidae) from the USSR. Communication I	26	45
DUNIN, P. M.: Spiders of the Genus *Dysdera* (Aranei, Haploginae, Dysderiidae) from Azerbaijan	39	141
PERKOVSKY, Ye. E.: A New Species of *Zeadolopus* (Coleoptera: Leiodidae)	48	147
SOKOLOV, G. I.: *Diphthera coenobita* (Lepidoptera, Nuctuidae) in the Chelyabinsk Province	51	149
KOZLOV, M. V. and E. MOTORKIN: Geographical Variability of the Leafroller *Archips podana* (Lepidoptera, Tortricidae)	57	55
NAROL'SKIY, N. B.: New Data on the Taxonomy of Cremastine Wasps (Hymenoptera, Ichneumonidae) from Kazakhstan and Central Asia	66	63
KIPYATKOV, V. Ye and Ye. B. LOPATINA: Seasonal Development of *Aphaenogaster sinensis* in the South Primor'e: New Type of Seasonal Cycle in Ants	72	69
ZAYTSEVA, G. A. and I. Ya. PAVLINOV: Analysis of the Effect of Sodium Arsenite and Organotin Polymer Latex in Protecting Collection Mammal Skins from Dermestid Beetles (Coleoptera, Dermestidae)	82	132
KAPLIN, V. G.: On the Bristletail Family Machilidae (Thysanura) from the Caucasus	88	147
AKSENT'EV, S. I. and Ch. M. SADYKOVA: New Species of Blister Beetle (Coleoptera, Meloidae) from Kirgiziya	94	152
ESYUNIN, S. L. and Yu. I. KOROBEINIKOV: The Phenology of Lycosidae Spiders in Southern Yamal Peninsula	96	42
ZONSHTEIN, S. L.: A Synopsis of Species of the Spider Family Filistatidae (Aranei) of the USSR with Description of a New Genus and a New Species from Western Tien-Shan	105	50

	English Page	Russian Page
REZNIK, S. Ya., BELOKOBYL'SKIY, S. A. and A. L. LOBANOV: Effect of Agroecosystem Stability on Ambrosia Leaf Beetle *Zygogramma suturalis* (Coleoptera, Chrysomelidae) Population Density	109	287
YAKOVLEV, E. B. and A. I. ZAITSEV: On the Ecology of Fungus Gnats (Diptera, Mycetophilidae) in Woodlands of Southern Karelia	115	60
GEGECHKORI, A. M.: New Species of Psilloidea (Homoptera) from the USSR	125	134
KORNEYEV, V. A. and E. P. KAMENEVA: A New Species of *Tephritis* (Diptera, Tephritidae) from Kazakhstan	130	138
DEVYATKIN, A. L.: On Two Siberian Species of *Pyrgus* (Lepidoptera, Hesperiidae)	133	141
DZHANOKMEN, K. A. and Ye. K. ERTEVTSYAN (HERTHEVTZIAN): New Species of *Stenoselma* and *Pseudocatolaccus* (Hymenoptera, Chalcidoidea, Pteromalidae) in the Fauna of the USSR	139	145
ZEROVA, M. D. and I. Ya. SERYOGINA: A New Species of *Pseuderimerus* (Hymenoptera, Torymidae) from Central Asia	146	150
OZEROV, A. L.: New Data on Fauna and Taxonomy of the Dipteran Subfamily Calobatinae (Diptera, Micropezidae)	150	154
SIDORENKO, V. S.: On the Subgenus *Lordiphosa* of the Genus *Drosophila* (Diptera, Drosophilidae) of the Soviet Far East	153	156

Number 8

OL'SHVANG, V. N. and I. A. BOGACHEVA: Weevils (Coleoptera, Curculionidae) of the Northern Ob' River Area	1	332
DANZIG, Ye. M.: New Species of Coccids (Homoptera, Coccinea) from Iran, Mongolia, and Vietnam	12	373
KABAK, I. I.: Review of *Carabus* L., Subgenus *Eutribax* Sem. (Coleoptera, Carabidae) of the USSR	16	377
BELOUSOV, I. A. and B. M. KATAYEV (KATAEV): *Broscosoma semenovi* sp. n., A Caucasian Member of a Genus New to the Soviet Union	26	387
KATAYEV (KATAEV), B. M.: Ground Beetles of the *Harpalus vittatus* Group (Coleoptera, Carabidae)	30	391
VEDENINA, V. Yu. and R. D. ZHANTIEV: Identification of Sound Signals in Sympatric Species of Acrididae (Orthoptera)	41	36
IVANOV, V. D.: Comparative Analysis of the Aerodynamics of Flight of Caddisflies (Insecta: Trichoptera)	51	46
SHOBANOV, N. A.: Disc-electrophoresis of Hemoglobins in the Study of *Chironomus* Species of the Plumosus Group (Diptera, Chironomidae) and Method of Sample Preparation	67	122
TOMS, S. V.: Evaporative Cooling in the Scorpion, *Orthochirus scrobiculosus* (Scorpiones, Buthidae)	71	130
LOGUNOV, D. V. and Yu. M. MARUSIK: Spiders of the Genus *Argyrodes* (Aranei, Theridiidae) in the USSR	75	133
KURBATOV, S. A.: Contribution to the Knowledge of the Beetles of the Tribe Euthiini (Coleoptera, Scydmaenidae) of the Soviet Far East	79	136
SINEV, S. Yu.: A New Genus and Species of Narrow-Winged Moths (Lepidoptera, Gelechioidea, Chrysopeleiidae) from Northern Africa	84	140

	English Page	Russian Page
KARASEV, V. P.: Peculiarities of the Scaly Cover of Weevils of the Genus *Tychius* (Coleoptera, Curculionidae)	88	143
GORB, S. N.: Microsculpture of the System of Head Fixation in Dragonflies under Scanning Electron Microscope	94	148
KUZNETSOVA, V. G. and V. I. KIRILLOVA: Karyotypes and Anatomical Features of the Reproductive Systems of Fulgoroidea (Homoptera, Cicadinea)	101	24
TOMS, S. V.: Gas Exchange Rhythms in *Adesmia panderi* (Coleoptera, Tenebrionidae)	110	42
GRABOVSKIY, V. I.: Spatial Organization of a Breeding Population of *Tettigonia cantans* (Orthoptera, Tettigoniidae)	123	26
KIPYATKOV, V. E. and S. S. SHENDEROVA: Endogenous Rhythm in Reproductive Activity of Red Wood Ant Queens (*Formica rufa* group)	137	40
ES'KOV, E. K. and G. A. MIRONOV: Low-Frequency Electric Field Perception Mechanism of the Honey Bee	150	53
